

ALEX CHEN

DevOps Engineer | Cloud Infrastructure Specialist

Email: alex.chen@devops.io | GitHub: github.com/alexchen-devops | LinkedIn: linkedin.com/in/alexchen

PROFESSIONAL SUMMARY

Experienced DevOps Engineer specializing in containerized infrastructure, CI/CD automation, and Kubernetes orchestration. Proven expertise in designing and deploying production-grade systems using OpenShift, Docker, Helm, and GitOps workflows. Strong background in infrastructure-as-code, monitoring, and team enablement.

CORE COMPETENCIES

Container Orchestration	OpenShift, Kubernetes, Docker, Helm
CI/CD & Automation	GitHub Actions, Jenkins, ArgoCD, Ansible
Development	Python, Flask, React, Bash, YAML
Observability	Prometheus, Grafana, ELK Stack, OpenTelemetry
Infrastructure	Terraform, AWS, Azure, PostgreSQL, Redis

PROFESSIONAL EXPERIENCE

Senior DevOps Engineer — TechCorp Solutions | 2023–Present

- Designed and deployed multi-environment Kubernetes infrastructure supporting 50+ microservices
- Implemented GitOps workflows using ArgoCD, reducing deployment time by 60%
- Built reusable Helm chart library enabling 12+ teams to standardize deployments
- Established monitoring and alerting using Prometheus and Grafana, improving MTTR by 40%

DevOps Engineer — CloudScale Inc. | 2021–2023

- Migrated legacy applications to OpenShift, achieving 99.9% uptime
- Automated infrastructure provisioning with Terraform and Ansible
- Reduced container image sizes by 60% through multi-stage Docker builds
- Mentored junior engineers on Kubernetes best practices and CI/CD workflows

KEY PROJECTS

Flask + React on OpenShift — Full-stack deployment with Helm charts, PostgreSQL persistence, and HPA

Infrastructure Automation Suite — Reusable Helm templates, GitOps workflows, and Ansible playbooks

CI/CD Pipeline Framework — GitHub Actions templates with SonarQube, Trivy scanning, and ArgoCD integration

CERTIFICATIONS & TRAINING

- Kubernetes Application Developer (CKAD) — Linux Foundation
- Red Hat Certified System Administrator (RHCSA)
- AWS Certified Solutions Architect – Associate
